FISCAL ANALYSIS

ASSUMPTION

Officials at the **Office of Administration - Budget and Planning** assume this proposal creates the Missouri International Business Advertising Fund, which would consist of appropriated moneys, gifts, contributions, grants or bequests. To the extent the fund receives monies from non-appropriated sources Total State Revenues would be increased.

Officials at the **Department of Economic Development (DED)** assume section 620.1916 creates the "Missouri International Business Advertising Fund" which would be administered by the Missouri Small Business Technology and Development Center. The fund would consist of appropriated funds, gifts, contributions, grants or bequests and be used solely for the purpose of attracting international businesses to Missouri. Since an appropriation amount is unknown, DED is unable to determine the exact fiscal impact of the proposal.

Officials at the **Office of State Treasurer** and the **University of Missouri** each assume there is no fiscal impact to their organization from this proposal.

Oversight assumes this proposal creates a new state fund for the purpose of advertising for businesses to locate to Missouri. Oversight assumes the fund will use all the funding its receives to advertise according to the provisions of this proposal.

FISCAL DESCRIPTION

This proposal creates the Missouri International Business Advertising Fund consisting of appropriated moneys, contributions, grants, and bequests to be used solely to attract international businesses to Missouri. The fund must be used exclusively for advertising the benefits of relocating an international business to Missouri and may be used to advertise in international business magazines or social media sites or any search engine that receives international traffic.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
